Special Attention

To Horse-Buyers And Farmers. Just arrived today at my stable. Ihree carloads of acclimated horses from the White mountains. These houses were all bought last fall in Canada and were taken over to New Hampshire in the lumber camps. They were worked hard all winter and grew thin. They are all acclimated and ready to go to work. They are just as good horses as you pay me \$500.00 a pair for. Of course, they look rough and hard, but will pick right up when they get into good hands. We can sell these horses from \$75.00 to \$125.00 apiece, and they are cheap for that price. The horses have just arrived today and they must be sold in the next two weeks. I have sold two hundred and fifty of these horses in the last three months, and they have given the people satisfaction. Now if you want hargains, come to my stables at one and I know that I can make money for you.
